Texting Abbreviations

Practice informal abbreviations

Read the instant messaging conversation between Sung-ho and Tanmay.

Sung-ho: Hey Tan. Did you finish your report or were you too busy playing computer games?

Tanmay: LOL. Don't worry Sung. I finished it all.

Sung-ho. Great! Did the teacher say it was due on Tuesday?

Tanmay: IDK. I wasn't really paying attention in class. I was daydreaming about going to the beach at the weekend.

Sung-ho: ROTFL. That is so typical of you.

Tanmay: OMG. That's not true. I am a great student. BTW, will your GF be joining us at the beach on Sat?

Sung-ho: No. We broke up. She said she can't have a BF anymore because of her

studies. Tanmay: NVM. I don't think she was right for you. You can do better IMO.

Sung-ho: LOL. Thanks!

Tanmay: NP. Hey Sung. Give me a minute. There's someone at the door.

BRB. Sung-ho: OK. Sure.

Tanmay: Back! BTW, my mum said she might give us a ride on Sat.
She's going to confirm with me ASAP.

Sung-ho: Nice! LMK when she does.

Tanmay: OK. I have to go now.

Sung-ho: TTYL

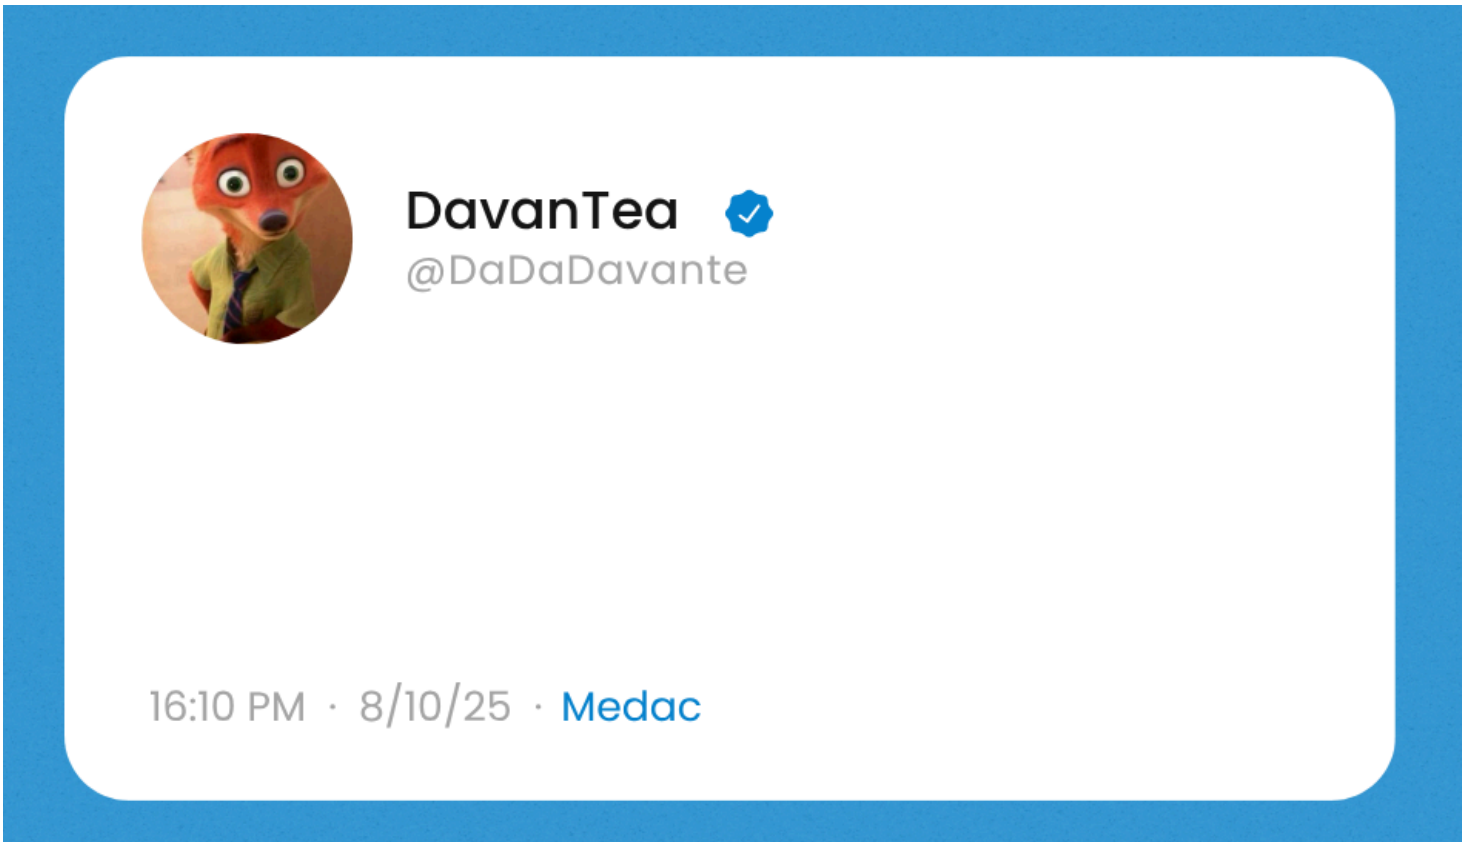
Texting Challenge

Imagine there's a secret account called @DavanTea that posts all the school gossip. Your task is to write a tweet about the latest rumor… but it's too long to fit on X (twitter) (140 characters)! You'll need to shorten the text using abbreviations… and lots of them. Good luck!

Oh my God! You won't **believe** what happened in the school elevator today! Two students from different programs were caught together, and people are saying they might be starting a **secret romance.** Pedro, the **principal**, saw it and people started **laughing out loud** and **rolling on the floor laughing**. I don't know how he reacted exactly 😳. By the way, I'll talk to you later if anything else happens. Be right back, gonna tell my boyfriend like… as soon as possible! In my opinion, this is the funniest thing today. Never mind if you missed


it, but if you have ANY NEW INFORMATION, let me know, PLEASE!
